

## **Sustainability Policy -**

This policy applies to all MBKB employees and covers activities in our offices/ clients premises, training rooms and in your own home; if working on MBKB related projects or work.

We acknowledge that our work has the potential to impact on the environment therefore we proactively manage all these impacts in a responsible and ethical manner, by identifying significant environmental impacts and putting protocols in place to reduce and hopefully remove these impacts. Our Policy complies with all applicable UK and EU Environmental laws and legislation.

### **Aims and Objectives –**

- Ensure our premises are efficiently insulated, use of energy is carefully considered to reduce our usage.
- We encourage sustainable travel practices by our staff, learners and all visitors.
- We consider environmental consequences in all capital and expenditure purchases.
- We educate our staff and learners on our environmental policy and practices to assist in our aims.
- We aim to reduce our paper usage by 50% by 12/2016, with a removal of 90% by 12/2017.
- Support and promote all sustainability ideas, developments for MBKB's future working
- Promote education of sustainable development and global citizenship.
- Comply with Legal requirements
